

## ThermoCare® Optional Equipment & Accessories

### Schuco® Air Compressor

Operates ICU Nebulizers and frees the oxygen line for worry-free nebulizer therapy. Self-enclosed for ease of cleaning. This compressor is easily portable, features a lightweight, compact design, is made of damage-resistant plastic, and features a recessed tubing connector. Quiet operation.

Size Class	Model	Power Range	Price†
One Size	#AC-1	110V	\$125.00

### Victor® Oxygen Flowmeter

For those who do not have a flowmeter inherent to their oxygen source. 1/4 - 15 LPM (threads onto Humidifier or Nebulizer with tubing connected to O<sub>2</sub> source).

Size Class	Model	Dimensions	Price†
One Size	#OF	1/4 - 15 LPM	\$130.00

### ThermoCare® Dividers

For dividing units into smaller or partitioned areas. Dividers slide into grooves on interior sides of warmer to create multiple chambers within the warmer. Half-height dividers available for flat covered units and full-height dividers available for dome covered units.

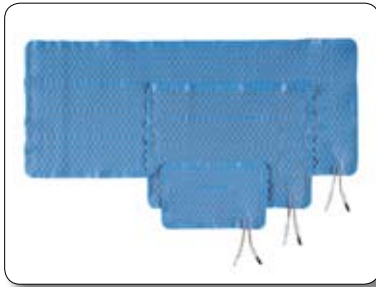

Size Class	Model	Dimensions	Price†
Small (1/2 height)	#WD-1	6" H	\$24.00
Medium/Large (1/2 height)	#WD-2/3	12" H	\$110.00
Small (full height)	#FHD-1	15" H	\$60.00
Medium/Large (full height)	#FHD-2/3	25" H	\$190.00

†Please Note: prices do not include shipping

## ThermoCare® Optional Equipment & Accessories (cont'd)
