

## ThermoCare® Unheated Nebulizer & Oxygen Therapy Cage

An economical alternative to our heated units, this unit will fill the need for an affordable means to administer Humidity, Oxygen, Medicated Nebulization Treatments and/or treat respiratory stress in the care of animals and birds. The unit is easy to assemble, clean, and operate, and is recommended for in-home care of chronic conditions that require respiratory therapy.

Size Class	Model	Dimensions	Price†
Small	#NTC-2	27.75" Lx19.5"Wx20.25"H *	\$625.00
Medium	#NTC-3	32.25"Lx22.25"Wx23.25"H *	\$950.00
Large	#NTC-4	36.5"Lx25.5"Wx26.75"H *	\$1275.00

### All Unheated Therapy Units Include:

Swing-away dual venting and handport covers to discourage buildup of heat, humidity, or CO<sub>2</sub> and provide easy access to animal patient. Patients may be viewed through the windows and door grill, which has a removable clear plastic door.

**†Please Note:** prices do not include shipping

**\*Accessories Include:** 1 Canister Nebulizer, 1 Medication Nebulizer, 1 Humidifier, Temperature/Humidity Gauge, O<sub>2</sub> Hose Fittings, Hose Connectors, Tubing, and removable floor matting
